

## PUBLIC AWARENESS CAMPAIGN ON SINGLE-USE PLASTICS

A public communication campaign for awareness of stakeholders (industrial associations related to plastics production, chambers of commerce, large retailers, civil society organizations, primary and secondary schools and public) has been launched by Environment Protection Department, Punjab under Punjab Green Development Program. Several awareness activities are being executed for purpose of said campaign. One of the planned activities is to educate the primary and secondary school students about negative environmental and health impacts of single – use plastics. For the record of these activities a web based portal has been developed by SPIU and activities can be recorded by following the below steps.

### 1. OPEN THE SITE:

- Go to <https://idm.pgdp.pk/pac>
